- ➔ Effective in high-traffic areas & leaves surfaces food grade safe
- ➔ Creates a long-lasting satin finish without buildup or residue
- ➔ Repels dust, oil, and grime for up to 5 days
- ➔ Protects your congregation with a powerful, non-toxic formula

Learn More about Nano Hope's Surface Cleaner + Defense Barrier

1. *How does Nano Hope simplify cleaning for our church?*

Nano Hope's patented hydrogen peroxide formula removes 100% of surface contamination—safe for everything from pews and door handles to restrooms and nurseries. It replaces multiple products, making cleaning easy and worry-free for staff and volunteers.

2. *Does Nano Hope remove contaminants and odors?*

Yes. Nano Hope cleans all surfaces to meet food-grade hygiene standards—making it ideal for high-traffic areas, kitchens and restrooms. It also neutralizes odors and purifies the air, helping your community spaces stay fresh and inviting.

3. *Is Nano Hope safe to use around our congregation?*

Absolutely. Our hydrogen peroxide-based formula is non-toxic, food-safe, biodegradable, and alcohol-free. It's tough on germs but gentle enough for daily use—no harsh fumes, no harmful residue, and no risk of skin sensitivity. Safe for use around babies, the elderly, and sensitive groups.

4. *What makes the protective barrier so effective?*

Nano Hope's patented nano-barrier creates an invisible shield that prevents germs from spreading for up to 5 days. Surfaces stay visibly cleaner, longer—with just one application. It reduces cleaning time and brings unmatched peace of mind when it comes to protecting your congregation.

5. *How does Nano Hope save us time and money?*

Nano Hope replaces multiple cleaners with one powerful, all-in-one formula—saving time, cutting costs, and simplifying your routine. From restrooms to classrooms, sanctuaries to kitchens, it works everywhere. Biodegradable and long-lasting, it keeps surfaces clean for up to 5 days with fewer products, fewer steps, and better results.
